welcome

Our courses are designed with your future in mind and we adapt to meet changes so you are always in the best position to achieve your life goals.

CEO Message

Hello, my name is Ricardo Novais, CEO of Liberty Construction College. My belief in potential of the construction industry in regards to skilled workers is so strong that I have become dedicated to helping people learn and acquire right skills and pathways, for rewarding careers and life opportunities. These pathways are especially beneficial to all students as they seek the best solution to their study, work, and future goals.

At Liberty Construction College **we believe that students are the most important asset we can have. Our personal approach in supporting each student to achieve their goals and expected outcomes**, is a point that makes all the difference to their success.

As always, we are continuously working on to maintain our quality of teaching, so we can provide better services and support. Our college is always thankful for your constant support since the beginning!

Let us work together and effectively to help students become another success story in Australia.

Ricardo Novais
CEO

About CEO

Background

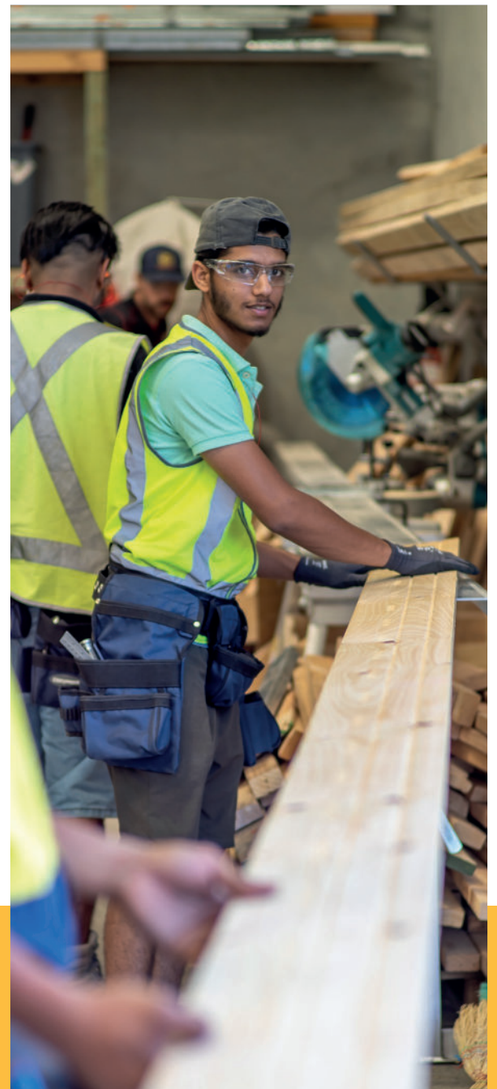

Ricardo Novais is the CEO and qualified Head Trainer of Liberty Construction College. He is a renowned figure in the Australian Construction Industry with over 16 years' experience in multiple construction projects.

His passion for construction can be traced back to his early years where he spent significant time working in his father's construction company, now known as CJB Pty Ltd.

Experiences

Continuing the family legacy, Ricardo owns a construction company named ICB Pty Ltd. Furthermore, he has worked in several low to medium rise residential and commercial building projects such as Westfield in North Lakes, Chermside, Garden City; DFO, Brisbane Airport; QANTAS Hangar, Brisbane Airport; Southern Coast University, Gold Coast; Swiss-Bell Hotel, Brisbane; Homemaker centres, Sunshine Coast; high-end luxury apartments and many more projects.

Head Trainer

Driven by the mission to help people become a valuable multi-skilled worker in the construction industry and achieve their goals in an increasingly demanding world, Ricardo is indeed a true leader. He aspires to maintain the excellence and guide students to accomplish success in upcoming years.

Industry Connection

Ricardo is partnered with multiple reputed construction companies all over Australia where our students can get hands-on experience and be industry ready. Considering the obligatory requirement of 400 work placement hours for students, Liberty offers this opportunity to all students.

Job Opportunities

He ensures that each student is confident to work in the construction industry. His success rate of placing students in construction jobs is evident that potential candidates from Liberty always get the best opportunities.

About us

Liberty Construction College was established in 2017 CJB Panels which was founded in 1984 and ICB in 2015. Throughout our great history, Liberty has offered access to a wide range of opportunities to our students.

We continue to adapt new ways of teaching, new disciplines of study and ways of learning. Our gift enriches the experience of all students by supporting efforts to recruit top faculty, expand academic programs and respond to the emerging needs of our campus and the world.

Liberty construction college provide you the practical skills that is necessary to transition seamlessly into the workforce upon your graduation.

Our Vision

Deliver a world leading future-focused educational experinece.

Our Philosophy

At Liberty Construction College we believe that students are the most important asset we have. We support each student to achieve their goals and expected outcome, is a point of different this makes Liberty Construction College different to other colleges.

Julie Lee
Principal

OUR campuses

Our three campuses are based in Queensland Brisbane (Murarrie) and Sunshine Coast (Maroochydore) and Gold Coast and one in South-Australia Adelaide Campus (Kilburn). We take pride in our ability to provide quality education to students from all over the world with social equity.

QUEENSLAND

- Brisbane (Murarrie)
- Sunshine Coast (Maroochydore)
- Gold Coast (Southport)

SOUTH - AUSTRALIA

- Adelaide (Kilburn)

Facility

Campus

Our campuses are fully equipped with latest modern amenities such as student lounge, computer room, vibrant innovative classrooms, and interactive white-boards in each campus.

Work-Shop

Our workshops are well-equipped with sufficient latest tools for all students to learn and create their own masterpiece. We empower students to get hands-on experience to thrive in the real world.

WHY LIBERTY

Liberty Construction College is one of the leading construction colleges in Australia due to high graduate and employment rate. We have structured a perfect blend of theoretical and practical application which creates opportunities for students to understand and apply the knowledge given at real construction worksite.

One of the main and known aspects is that we provide opportunities for the work placement hours in order to prepare students for the future work opportunities Consequently, high percentage of our graduated students have successfully found jobs in construction, and some have even established their own company after the completion of their course.

Meet our students, and see why they choose Liberty Construction college.

Rating

Ralf Cebers
LIBERTY GRADUATE

Great college for international students. Will be really helpful to any person that comes in.
Has new tools to work with, Nicely located warehouse for practical training.
Teachers have massive knowledge of industry, which makes studies more interesting as they have examples from real life.

SungHwan Kim
LIBERTY GRADUATE

I have graduated this college last year and I have so many good memories in this college. All the faculties are so kind and nice. They are genuinely passionate about teaching students and always try to help students when students have some problems even those are private. I highly recommend to choose this college for your future and dream in Australia. If you are with liberty college, they won't let you down. I promise.

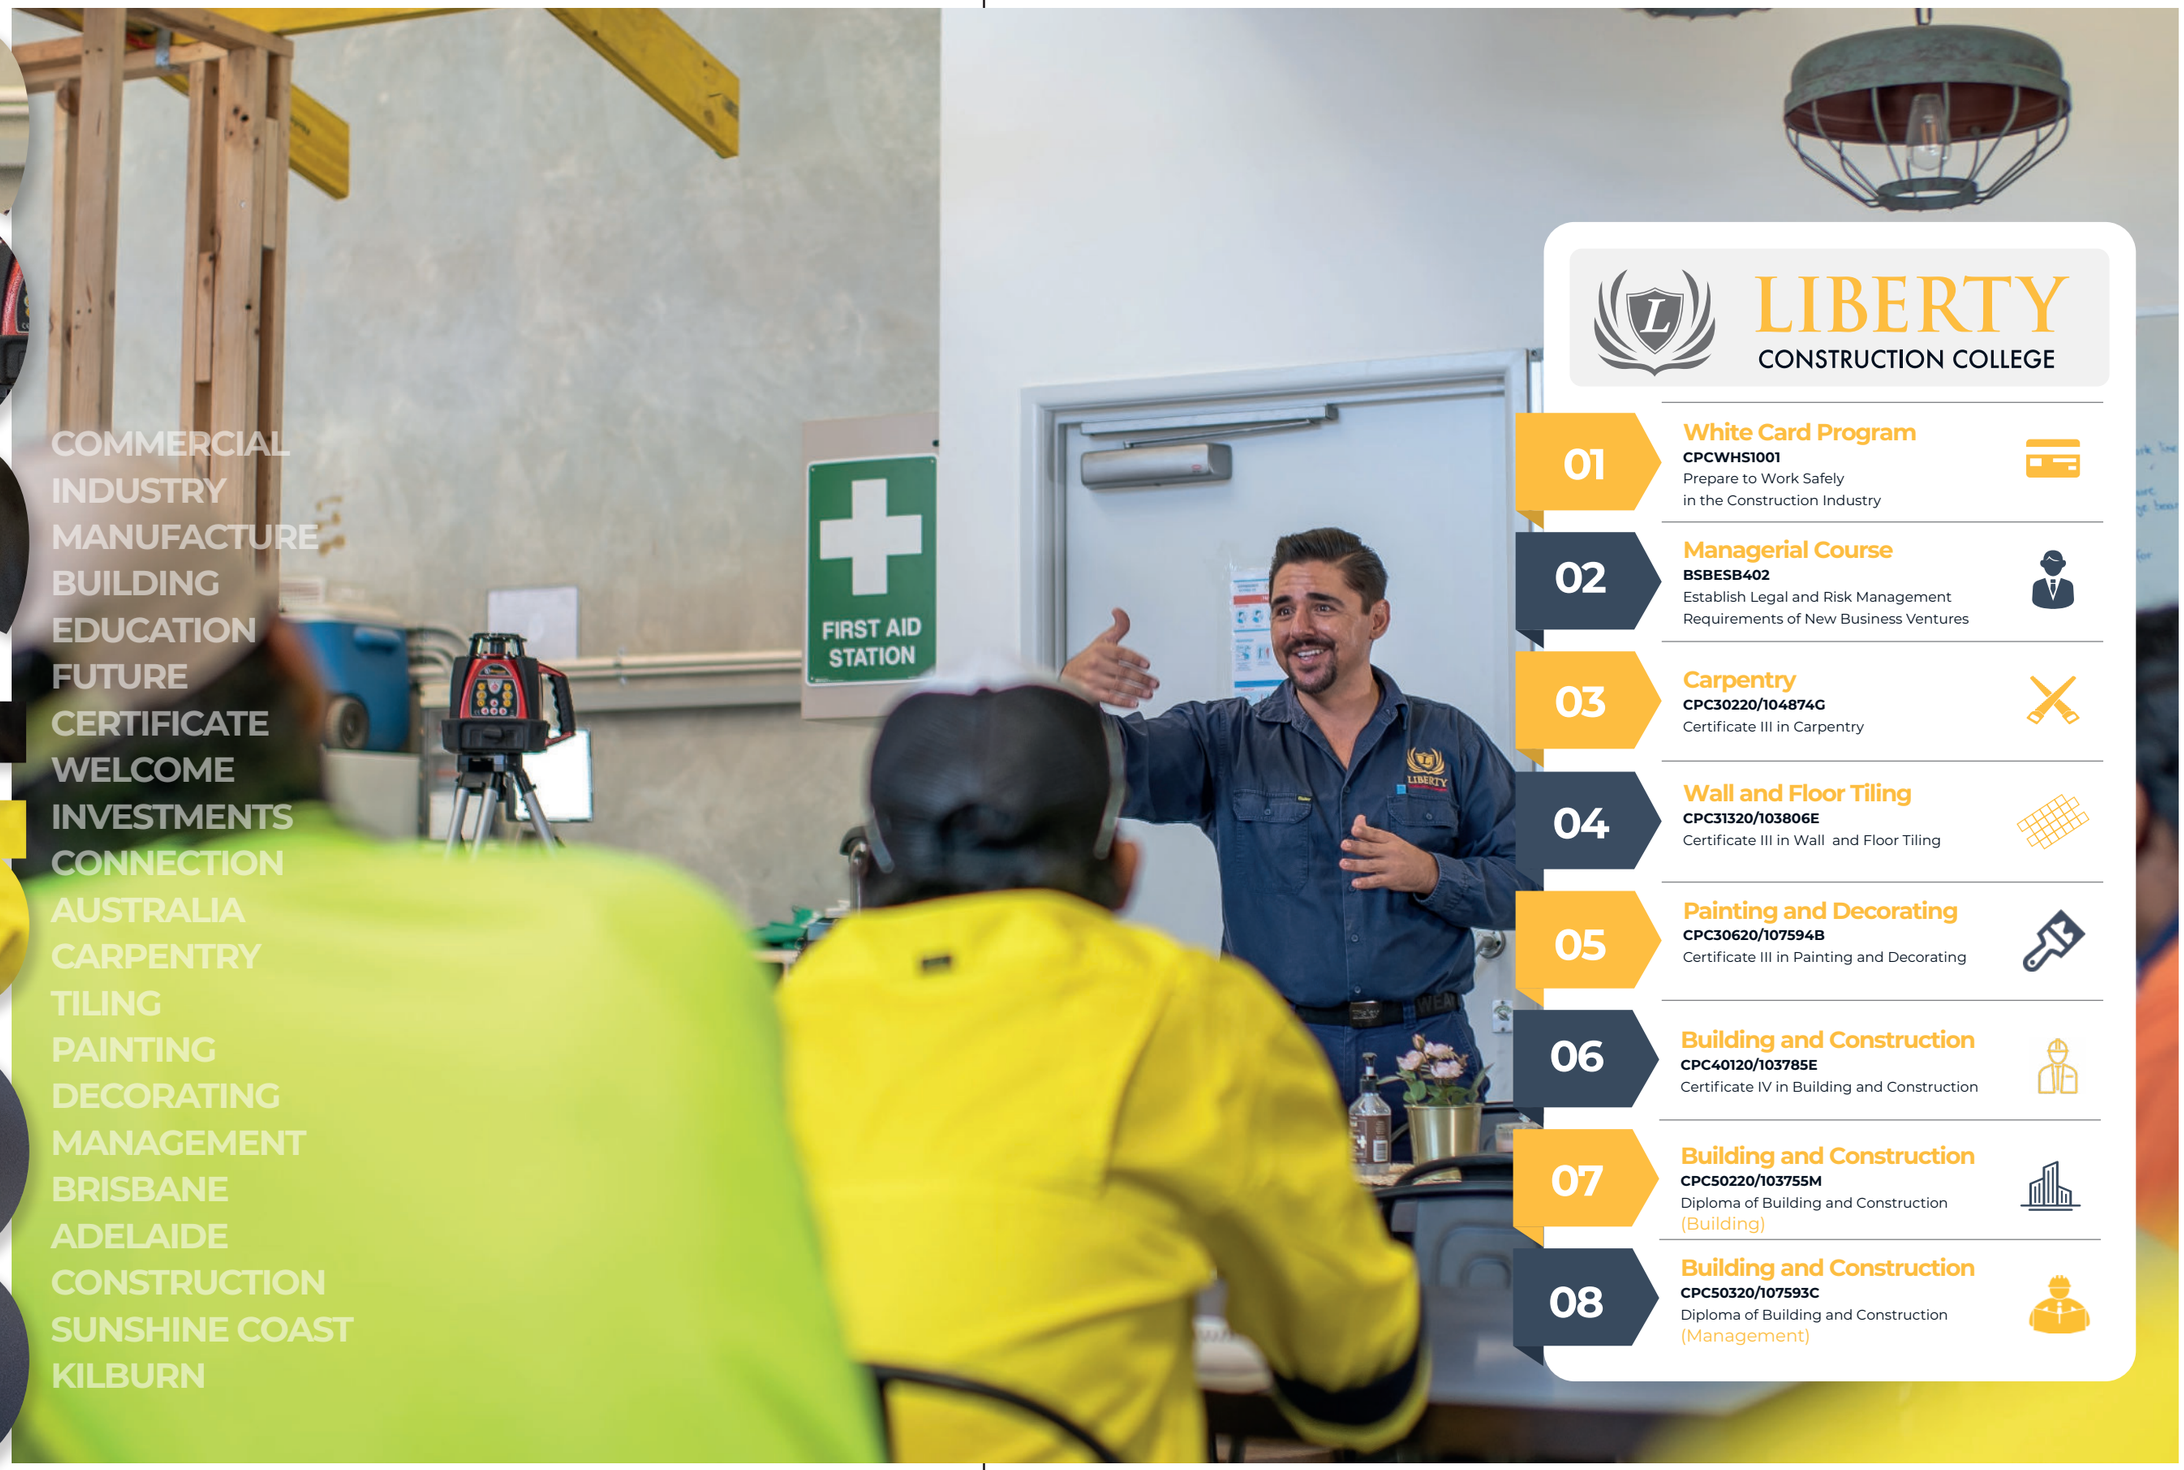

Awais Qaisar
LIBERTY STUDENT

I would rate the course Certificate III & Certificate IV in carpentry as a good entry level point for people who want to work in the construction field as a builder. The Principal "Julie" & admin support team are brilliant as they always support you with your academic success. They have got a great trainer "Ricardo" who is highly experienced in the field of construction. I will highly recommend the college if you are willing to study in construction.

CPCWHS1001

Prepare to Work Safely in the Construction Industry

White Card is a mandatory requirement for construction workers in Australia.

This course is mandatory for anyone who wants to work and understand the safety and processes of the construction industry relevant to today's industry needs!

This unit of competency specifies the mandatory work health and safety training required prior to undertaking construction work. The unit requires the person to demonstrate personal awareness and knowledge of health and safety legislative requirements in order to work safely and prevent injury or harm to self and others. It covers identifying and orally reporting common construction hazards, understanding basic risk control measures, and identifying procedures for responding to potential incidents and emergencies. It also covers correctly selecting and fitting common personal protective equipment (PPE) used for construction work.

Painting & Decorating
CPC30620 / 107594B

Certificate III in Painting and Decorating

The construction industry is one of the fastest growing industries in Australia with plenty of employment opportunities and high pay rates. This course can be your ticket into the world of construction.

This is a trade qualification for painter and decorator in residential and commercial workplaces. It includes handling and storing painting and decorating materials; using tools and equipment; applying paint by different methods; removing and applying wallpaper.

A painter and decorator is a professional tradesman who applies paint, wallpaper, varnish and other finishes and special coatings to the walls, ceilings and other surfaces of residential, commercial and industrial buildings and structures. The work of a painter and decorator has both a practical and a decorative function, since painting surfaces not only protects them from weather damage, erosion, mould and rust, but also makes them look more attractive.
